### **Vuntut Gwitchin Government Natural Resources Director**

Old Crow, Yukon is a small fly-in community north of the Arctic Circle. A community of between 200-300 people, it lives close to the land, the Porcupine River and the lakes.

Living in such a small, remote, northern community is not for everyone, but if you want to experience true northern life, including the summer when it never gets dark and the winter where cold and dark reign, this is an opportunity for you. The best of all is the people you will be working alongside – friendly, holding true to traditional values of respect for the land all people, while looking forward to claiming their place in a prosperous future.

The Vuntut Gwitchin First Nation is looking to fill the senior level position of **Director Natural Resources** – you will provide coordination and leadership while learning from your staff about lands, environment, language, heritage, and fish and wildlife within the settlement lands and traditional territory of the Vuntut Gwich'in (People of the Lakes). You require a strong educational foundation and experience in one or more of the responsibility areas of the position, ideally including the area of Natural Resources.

This position is a working resource with strong foundations in financial and people management. You will mentor and develop these skills in your staff and manage the department's budget, planning and community consultation processes, collaborating with other governments, agencies, boards, committees and businesses as required. A broad knowledge of First Nations Government systems in your area, and familiarity with the issues affecting First Nations people, both nationally and locally is key.

The First Nation has a generous leave and benefits package, including relocation allowance for the right individual.

A detailed job description is available @ <http://www.vgfn.ca/employment.php>

**Salary Range: \$92728 – \$120,483 per annum (65 hours biweekly); plus benefits**

**Application Deadline: June 10, 2019 at 4:00 PM**
