Karen Rinker
Homework Tutor

What a Beautiful Two years!

I have been your homework tutor for two years and I have enjoyed it. When we first came here in September of 2002, I knew I was to home school my children and support Marion and Elizabeth, and that was all I knew. But God had other plans! I'm so glad I listened.

We were in the village about a month and Cheryl asked me if I would consider this job. I immediately said, No, I don't want to take a job away from a First Nation person." She said, "It has been posted for 3 months and no one has taken it." So, I said, "I would pray about it." I did but in my heart I really needed to know this is what God wanted me to do while I was here among you dear people. The next morning a knock came to my door and a guy said he was to give me this letter yesterday, but he wasn't able to bring it till now. In it was a invitation from the VGFN to accept this position. So, there were two confirmations I was really wanted for this position. So, I said, "Yes," to Cheryl, and in a week I was working.

But there was one more confirmation I needed, and that was from God. That happened the first night I started my job. I went to a house where a little boy had been expelled from school, because he had gotten in trouble with some older boys. My heart was broken thinking about how older kids can get younger children

in trouble, and I treated the little boy as firmly as I treat my own children, and he settled right down and finished his work. His mom had been sitting right near there, and was happy to see him do his work. After his work was done I asked him to sit on the floor with me while I told him a story.

Here is the story. There was a little boy and his dad. They were riding in a car, so you see the story is to take place down south. The father saw a lovely apple tree full of big beautiful shiny red apples. He pulled to a stop, and reached under the seat. There he found a plastic bag and stepped out of the car. He looked north, he looked south, he looked east, and he looked west. He saw no one coming; so he started to hop over the fence. All of a sudden his little boy who had been watching him rolled down his window and yelled, "Dad, there is one way you didn't look."

At this point in the story, I asked the little boy which way the dad didn't look. But before he had a chance to answer his mother spoke up and said, "Remember what I was telling you about God last night?" At that point I got my confirmation from God. He wanted me in this job to support parents that were trying to teach their children the difference between right and wrong.

We have seen a lot of children begin to understand that their parents were truly interested in their education. It has been a thrill to me to see parents actually say, "I can do this with my child." Then I say, "That's great! I'll just keep bringing

you the resource materials." In some cases the parents or guardians can't help their child, but they enjoy just sitting there and listening as I explain the lessons.

One parent really explained it well when he said it is really nice when you can take the things around the house that the child is comfortable with and help them to understand. For example, we were studying a rectangle with a child, and we walked all over their living room having the child point out rectangles. The next time we came, he was so excited to point out the rectangles again, and he had found a few new ones.

One special high light of my job was visiting the elders. I will really miss those times when they unburdened their hearts, and we prayed together for their grandchildren. I knew God was listening too!

I wish I could just sit down and have tea with every family and share the many stories of my hours of tutoring, but as most of you know I am going South to make a home for the twins to graduate from High School. I have loved my time here with you, and will always have wonderful, fun and challenging memories of my life as the homework tutor in Old Crow. I know there is at least one resume sent in to take my place, and if this is who will be a blessing to you, then I would hope it would work out. But I have learned that only if it is God's will, will people truly be a blessing to you. It was His will that we were here and all of you in some way have been a blessing to me.

Thank you so much!

Carl Charlie
Land Resources Manager

Courses

I attended a half-day course on the Yukon Environmental and Socio Economic Evaluation with Rosanna White. There were six of us in attendance.

Office

Had meetings regarding the Rock Quarry and the community will be brought up to date very shortly where you will have the opportunity to ask questions to VGFN and Porcupine Enterprises representatives sometime in the week of the

26th.

I was reading a lot of material in regards to land in our Traditional Territory.

Land

I had the opportunity to take my child out to the school camp in Crow Flats and spent a nice day out there. They have a very nice camp and the children seem to be enjoying themselves. They are learning how to set traps and survive out on the land. I wish them all well.

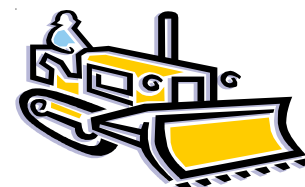

Wood Cutters

To all the woodcutters out there, we have seen where people have been cutting wood on lakes and leaving a pile of

brush on the lakes or in the creeks. Please take caution as this can harm the animals or fish that depend on these water bodies. Please clean the brush off these areas. Please respect the land, water and animals as we depend on them also.

I wish you all a very nice and safe spring out on the land and your travels.

THINK SAFETY AND ALWAYS BE PREPARED.

Esau Schafer
Councilor

Hello to you all . We are in the touch of spring and long day light. I see a lot of people going out on the land with their families, very good to see. At the same time they are being taught their traditional knowledge and really enjoying there time out. Hope you all have a safe camping trip.

As for my report, I have been ap-

pointed into Director of Government Services, when Sandra is away on other duties. I am in the process of working on the fuel tank farm which will see the instalation of two more new enviro tanks; one for gas and the other for diesel. With two lines from the airport, for fill up, this will give us an up-to-standard tank farm. We are co-ordinating ths project with Yukon Electric's tank installation.

Also we are in the process of recon-structing the community meeting place

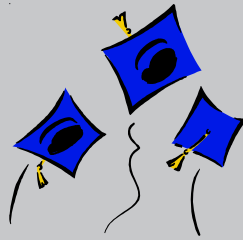

up the river at Tlo-Kut. I am hoping this will come into action really soon so we can start getting the used material onto site before the river breaks up . If you need more information on this please feel free to get in contact with the GS Dept. or myself. With this small report I wish you all well for the spring where ever you may spring-out and take care.

Elsie Hume
CELC, Area II

Hi all! Only 7 weeks of school left. June 11th is the last day of classes at F.H. Collins. Exams will be scheduled from June 14th to the 18th. Last day for Grade 12 departmental exams is June 29th. Graduation schedule for F.H. Collins is as follows: Cap and Gown Ceremony will be held on Thursday, June 3rd at 7 pm at F.H. Collins gymnasium. The prom will be held on Saturday, June 5th at 6 pm at Mount McIntyre.

The second term went by so quickly. All students are doing well. The six VGFN students who were expected to grad this year are on the final list. So, yes, they've made it!! They include Frances and Tracy Bruce; Lyle Charlie;

Paul Josie; Michael Peter from F.H. Collins and Jessica Frost-Lindstrom from Porter Creek Junior/Secondary School. Congratulations to all!

Brandon Kaye participated in the Young Authors' Conference again, this year. He was applauded for his poetry which is entitled "Change Is Never Too Late". Congratulations to Brandon and keep up the good work. We are all proud of you!

Miranda Charlie is returning from Prince George tomorrow. She participated in, yet, another Hockey Tournament.

I have been making my rounds around

F.H. Collins quite regularly and it is so good to see the smiles on our students' faces. The spring weather is in good progress and only seven weeks left here.

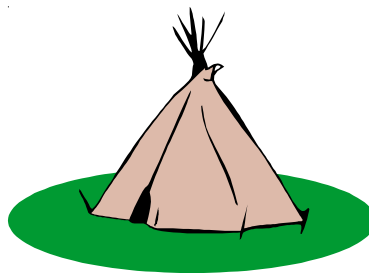

Mahsi Cho to Harvey Kassi for donating caribou meat to our students. We will share a delicious supper on Tuesday upon Miranda's return. We have lots to celebrate. On behalf of the F.H. Collins First Nations Warriors, Watson Lake Bears, and coaches I would like to say Mahsi Cho to VGFN leadership, citizens and organizers for the kind hospitality during our visit to Old Crow for the Easter Carnival. The basketball players were truly "Shining Stars".

Have a good spring everyone and good luck to those who are so lucky to be in Crow Flats! Cheers until next time.

Harold Frost
Housing Manager

Here's the up-date for the Housing Department. For month of March & April, the projects we've been working on are, the washroom addition and the two Renovations that's been on going. The washrooms are in the completion stage. As of April 1, 2004, three are finished #455, and #745, unit#530 will be finish in a week, and #540 will be a bit longer as this unit has a complete retrofit.

There's funding coming through for more washrooms, and we are trying to get as many washrooms done this summer, and eventually to meet all the priority needs that INAC, and CMHC recognize. So as these projects are winding down, we

will proceed with units #375, and #540 until spring and by then the next group of washroom addition will be started on for the summer.

The new housing initiative program should get started and there will be more Renovations coming up soon enough with the priority list that we have for housing. We should be real busy this summer with project jobs etc. Have a good spring to those who are going out on the land and take care! Mussi!

Tammy Josie
Photographer

Good Day! I hope all are enjoying our warm weather and it keeps up until the snow all melts.

This month in the Department of Information Systems was a learning experience. We got the new AIS server installed, did garbage pick-up under bank, and I got to go to Crow Flats again to take pictures of the Youth Camp, "Re-discovering your ways". Of course, we all had our fun over the long Easter weekend with all the activities going on! I would like to Thank Theressa, Tracy, Stan Jr. and Wayne for all the organization, a job very well done! Mahsi Cho

Graham Baird
Natural Resources Planner

Yukon Environmental and Socio-economic Assessment Act

I attended a meeting of the Yukon Environmental and Socio-economic Act First Nations Caucus in Whitehorse on April 6 and 7. The Act received royal assent on May 13, 2003. The regulations under the act have not yet been finalized. The regulations are called Yukon Activity and Project Assessment Regulations or YAPR. These regulations will determine what activities are subject to assessment. Canada, Yukon and CYFN have been consulting the public on the regulations. This meeting was called by CYFN to consult with First Nations and receive input on some key issues. Following the consultation period, which ended on April 21 changes will be made to the regulations and the public will have one more chance to comment before they are finalized. The regulations are intended to

be in force by November 13, 2004.
Vuntut Gwitchin Group Trapline

Yukon Environment had told us that they would no longer issue the permit for the group trapline to VGFN. A recent change to the Wildlife Act requires that trapping concessions can only be held by a person or group of persons who meet certain requirements determined by Yukon Government. Yukon Environment has suggested that the permit for the concession could be issued to a group of trappers all of whom must qualify for a trapping licence but not to the First Nation. This conflicts with the Final Agreement which clearly states that Vuntut Gwitchin First Nation shall retain the group trapline. Officials from the Yukon department of Environment have been invited to meet with us in Old Crow at the end of May.

Renewable Resources Working Group

The Renewable Resources Working Group was formed in January 2004 by personnel from First Nation government Natural Resources and Lands and Resources Departments to discuss fish and wildlife issues. A meeting was held in

Whitehorse on April 20. The main topic of discussion was trapline and trapping management. Yukon government has proposed a new process to allocate vacant traplines that are located in overlap areas of First Nation Traditional Territories. The proposed process fails to consider First Nation needs and requirements of the Final Agreements. We recorded a list of concerns raised at the meeting and I have distributed this list to all those who attended. First Nations will comment on the proposed allocation process as they see fit.

Traditional Knowledge Workshop

Ducks unlimited is proposing to hold a workshop in Old Crow to gather knowledge on wetlands in north Yukon. They plan to do this in cooperation with VGFN, Yukon Land Use Planning Council, North Yukon Renewable Resource Council, Yukon Environment and Canadian Wildlife Service. The information would be provided to the North Yukon Planning Commission for use in the regional land use planning process. A planning meeting was held at the end of March. The workshop is planned for the last week of May.

Mary Jane Moses
Heritage Researcher

The first week of April I kept busy with dubbing VHS tapes and mailing out of 'Imprints' to people who request copies. I also put together a video package to send off to Rim Shots Media Arts Festival in Vancouver where Imprints of Our Ancestors - Part 1 will be screened on June 3rd at the Pacific Cinemateque. We are still awaiting confirmation for Dreamspeakers Festival out of Edmonton.

This month I have been mostly dubbing tapes both tape cassettes and VHS tapes amongst

other things. I dub tape cassettes from the Dempster Highway Project, making extra copies. A copy from this will be sent off to Yukon Archives for safekeeping.

I have also attended to Heritage Committee meetings, getting ready for the summer season activities in the Heritage department. Our Elders are quite excited about that!

Shirleen Smith paid us a visit again. She was up to fine tune the book she is working on. The book has one of the many end products from the 4-year VGFN Oral History Project. The Heritage Committee spent some time reading it over gave comments, and edited where necessary. I'm grateful to Shirleen for all the help she gave us while she was here. She assisted Robert and I setting up for interviewing Bella Greenland [nee Bruce] while she is here visiting in Old Crow from Aklavik. Thank you Bella, for giving us some fine interviews of your rec-

ollections of long ago and stories passed down to you by your parents, grandparents and other people of the community. Thank you for sharing.

On the evening of April 20, a showing of Imprints of Our Ancestors - Parts 1 & 2 took place at the community hall for the Foreign Affairs delegation that visited Old Crow.

Lastly, while I catch my breath... I wish everyone of Old Crow a Happy Spring! I wish for all those who are taking the initiative to go back to the land a happy refreshing time. Travel safely! It's such a great time of year for people to be on the land Good weather caribou coming back again long daylight, good clean fresh air, good eats - who can resist. May you all enjoy this time with your families out in Crow Flats, up and down the Porcupine River and where ever you are going - Good luck and be careful out there.

Maureen Gagnier
Acting Director of Finance

Hello, it is very good to be back.

As everyone knows, Catherine is on her way to Kenya for a holiday. I know she will return with many stories of her adventures to share with everyone. I was given the opportunity to return to Old Crow to cover for her in her absence and I was very glad to do so. For me, spring and blueberry picking season are the best times of the year. I will be here until June 23rd, with a short break from May 20th to June 1st.

We are busy in finance filing the year-end reports and completing the setup of the new accounting software and ongoing training of staff. It is very nice to have a full staff in finance, especially at this time with the extra large workload. It is great to be back working with Ida, having Edna return at this time, and welcoming Barbara Callihoo to the finance team.

I hope that everyone enjoys this beautiful spring weather and time out on your land. Massi.

Donna Frost
Employment and Training Officer

Good Day to one and all.

I have been hired as the Employment Training Officer for the Department of Human Resources and so far it has been very challenging but interesting. I am enjoying my new position and am still learning quite a bit.

There was a crew of five that went to Dawson for the Pits Chainsaw Course on April 5th – 9th, 2004. **Congratulations** to them “all” for passing this course.

On April 13th – 17th 2004 there was a Mining Exploration Training Program in Dawson, there were four participants. Congratulations to the participant who passed with flying colors.

It is a God-send that Cheryl is back in the office so it's a little easier to understand my job better. So I just want to welcome her back to the office and back to Old Crow.

6

Well until next time, enjoy the nice warm spring weather.

Ida Tizya
Finance Payroll Clerk

Hello Everyone:

Spring is finally here. Its nice to get out on the land for the weekend. For the people that are going out for the spring good luck to you all and enjoy your spring. You're in my prayers.

March was a busy month for the Finance department because of year-end things. It is starting to slow down a bit, because of the number of staff we have at the finance department.

I would like to take this time to welcome Maureen Gagnier back to the Fi-

Edna Kyikavichik
Accounts Receivable Clerk

Hello everyone, Drin gwinzii.

I just wanted to write a short note saying that I'm back at work at the Finance Department as an Accounts Receivable Clerk working part-time in the afternoons.

I hope you are all enjoying the lovely weather and you're all doing well. As for myself, I'm doing good, happy to be back at work and I'm working towards making a change in my life. It's a big step but anyone can do it; **NOBODY'S PERFECT.**

It's good to see and work with Maureen again. I'm glad that she's back and hope you enjoy your stay during the spring and summer season. It's good to be working with Ida and Barbara Callihoo the new Finance Manager. I also wanted to welcome Barbara to Old Crow and have a wonderful stay.

To everyone have a wonderful spring season. Get out and enjoy the beautiful weather. Take care and have a wonderful day.

nance Department for the next 10 weeks. It's so nice to be working with her again.

I also would like to welcome Barbara Callihoo. She is the Finance Manager. I hope you all enjoy your stay here in Old Crow.

Edna Kaye is back to work as of April 19, 2004 as Accounts Receivable. Edna does a great good job. Welcome back Edna.

Catherine Mbae is going back home to Kenya to visit her family. I hope Catherine enjoys every minute of her time down there.

Until next time

Take care and enjoy the spring.

Wade Meszaros
Community Wellness Worker
VGFN – 966-3261 Ext. 251

April has been a busy month for the Health and Social Service department.

April 6th was an information meeting on the needs and concerns of the community through the perspective of an all men's meeting. We also discussed what they saw as ways in meeting those needs. On April the 7th there was the same meeting for the women of the community. Listed below are the response from both men and women;

Identify what you see as needs in the Community of Old Crow

A. Men's' responses:

1. Better Communication within the community
2. Bringing people/community together
3. Men coming together to socialize
4. Aftercare/Support meetings like A.A.
5. More activities for everyone
6. A person to coordinate and distribute information to the community
7. Get back to the Land
What can be done to meet these needs?

A. Men's responses

1. a.)Have something like community announcements in the VGFN news letter
- b.)Community calendar

Continued on Pg. 7...

- c.) Posters/emails/word of mouth
- 2.a.) Retreats out on the Land with the people, could have talking circles.
- b.) Cabin per family out on the land for community – one family may travel for the week end to spend time out on the land and to teach our Culture and traditional values to our children for future use.
- 3. Start a men's & boys club – Sunday evenings @ 8 p.m.
- 4. Start a support group/A.A. mtgs. Once a week in the evenings.
- 5.a.) Take groups of kids and adults out on a hunt, film it, take pictures and then have a banquet feast after and show the film and pictures and tell stories of the experience.
- 5.b.) Cement/removable wood floor in the arena for future use; roller skating, floor hockey, net for basket ball, craft/baking sales, concessions
- c.) Movie theatre for adults and children

Identify what you see as needs in the Community of Old Crow

B. Women's' responses:

- 1. Self-care/Retreats
- 2. Exercise
- 3. How to deal with dysfunction in community
- 4. Aftercare/Support meetings
- 5. Bringing people together
- 6. Social get togethers
- 7. Better Community awareness
- 8. Variety of crafts/Arts/work shops
- 9. Use resources we already have

**10. Activities for the Youth
What can be done to meet these needs?**

B. Women's response:

- 1.a.) Women's/girls club
- b.) Massage Therapy
- c.) Workshop on self-care, spiritual reading
- d.) Traditional medicines, aroma therapy
- 2.a.) Walking program
- b.) Old Crow fitness center
- c.) Ski program, snowshoe
- 3.a.) Codependency group
- b.) home visits/family interventions
- c.) Workshops on; self-esteem, adventures in attitudes, hospice/grief, healing circles, parenting support
- 4.a.) Support groups gender specific and coed
- b.) one-on-one counseling, A.A., alanon, alateen
- 5.a.) Camping, weekends out at Old Crow Flats
- 6.a.) Games night, Karaoke night, amateur talent night
- b.) Once a month nutrition lunch @ school
- c.) Movie night, Beach party
- 7.a.) Community calendar
- b.) Posters, email, radio, mail box, news letter
- 8.a.) Get College to run these specific programs
- b.) Womens stitch, craft night gathering 1x month
- 9. Utilize; Arena, Fitness center, Ski lodge, Green house, Community

feasts and Safe House

11. Team sports, teen dance, Bingo

As you can see there was some great ideas that came out of the meetings and from this we have a women's group meeting every Wednesday at the College starting at 7 p.m. and be chaired by Pat from the nursing station. All women are welcome to attend call Sandra at the College for more information.

A men's group is starting as well, meeting Sunday evenings at 8 p.m. for Chess, Crib, Pool and fellowship. At each meeting there will be a topic to discuss. April 25th's topic was "How to be a good hunter in the home".

April 22, saw the first of 10 pre-treatment sessions in preparation for a treatment program out on the land in July for the Women and possibly October for the men. It is important that everyone attend the sessions in preparation for the land. The group decided on 10 topics they wanted to talk about. The first session we talked about "What is Love?"

April 27 the topic was "Trust" and May 4th the topic will be "Addictions".

Everyone is welcome, what is discussed and shared in the meetings stays within the meetings – no gossip allowed. Bring your favorite treat.

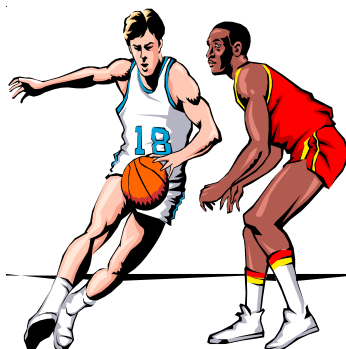

My door is open to anyone who would like to come in and talk with me one-on-one. Everything is held in complete confidence. If I am busy please call and set up an appointment. I look forward to meeting you. Mahsi Cho.

**Stanley Grafton Njootli
Youth Coordinator / Programmer**

The month of April was a very busy in the Recreation Department. There was fundraising for the Spring Carnival, gym nights, and the Spring and Easter Carnival itself. The Spring and Easter Carnival was full of events and two great basketball games between Watson Lake and F.H. Collins. There were award ceremonies for our Old Crow youth that participated in the Artic Winter Games, hockey, Tea-Kwon-do, and the Warriors from F.H. Collins.

The Spring and Easter Carnival itself

was a great success thanks to all the volunteers and the community of Old Crow

and those who came to Old Crow to en-

joy in the events and basketball games that were held at Chief Zzeh Gittlit School. There were some new events and old events. One of the new events we had this year was the Pole Push. There were 8 dog races, 1 dog races for the children, dances, talents show, musical chairs, duct tape game, and many more fun and exciting events.

I would really like to say thanx to F.H. Collin's Warriors and Watson Lake Basketball teams for coming to Old Crow and to all the volunteers and workers that help facilitate and coordinate the Spring and Easter Carnival weekend!!!!!!!!!!!!!!!!!!!!!!

Joe Tetlich**Justice Co-ordinator**

Good day! Hope everyone is enjoying the spring weather. I would like to first of all welcome community wellness worker Wade Meszaros to the Social team. I hope your stay here is an enjoyable one. I look forward to working with you.

Administration of Justice

Talks are resuming with other Governments in negotiations on the subject of how to approach the issue of Justice. Meetings were held in March and the work and budget plan were finalized. The next step will be consulting with the communities. I will keep the community updated as to when this will happen.

Justice Committee

We are still in need of Justice Committee members. If you are interested on sitting on this committee please get in touch with me. A willingness and being able to work with people that are associated with the Courts is a must. A criminal records check is also a definite requirement.

Fiscal Year ending

I have submitted a budget and work plan for this year with the Territorial and Aboriginal Justice Canada. These contribution agreements lay out what you are proposing to do in the next fiscal year depending on your budget. Basically since there are no new dollars coming in from the last fiscal year we are using our same plan as last year. If you need more information please drop in to the office.

Native Court worker

We have tried unsuccessfully to hire a worker for this department. Since there are times when there is a need for support in this area, I will be assisting Clients to reach the appropriate authorities. Please call if you need help with legal advice. The next Court date is set for May 18th, 2004.

At this time I would like to remind all clients that have community service work or fines to pay, to get it done by the court date. If you have financial difficulties than we could see about working your fines off.

Mahsi Cho!

Paul Doehle**Director / Systems Administrator**

VGFN Server – We added a new computer server in our administration building in April 2004. This new server will accommodate our conversion to AccPac for Windows and our new AIS (Aboriginal Information Systems) software to be installed this summer.

Gary Jone and Rick Scramstad traveled to Old Crow to assist us in this upgrade. Thanks to them for a job well done. They also had the privilege to have lunch at the youth camp held across the river. It was Gary's first time on a ski-doo as well as to sit in a camp.

Crow Flats – I took a week off work to visit the youth camp in Crow Flats. Once again camp coordinator, Mabel Tetlich, is doing a fantastic job at this years youth camp. "Re-discovering our ways" is what the project was called. On her team at the camp are Douglas, Susanna, Elaine and Garney Tizya, Earl Benjamin, and camp Elder, Erwin Linklater. VGFN IS department employee Tammy Josie also visited us at the camp and took many pictures. We will be posting some of these on Old Crow's website in the future.

Paul, Rosilie and Charlie spent a week in Crow Flats with Mabels Re-discovering our ways. Below are camp workers Earl Benjamin and Garney Tizya from Old Crow!

**William Josie****Director Natural Resources**

Well, spring is here, and I hope everyone is enjoying the nice weather.

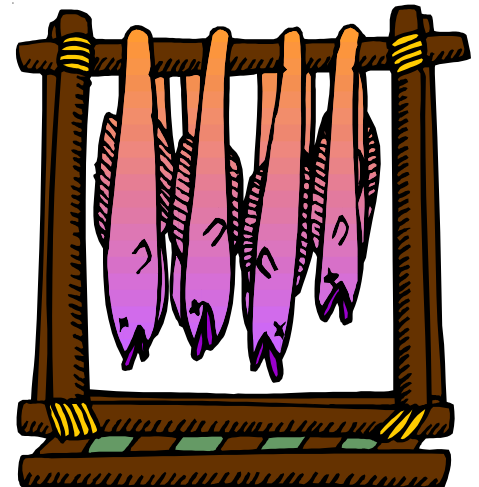

The Yukon Fish and Wildlife Management Board just hire a half time community steward for north Yukon. The new Steward, who is Bev Brown, will be looking at conservation of fish and wildlife and their habitat in our traditional territory, through various projects.

There will be a public meeting on the evening of May 05, 2004, to give an update on the quarry project. This meeting will be hosted by porcupine Enterprises, and VGFN Natural Resources.

There was a Salmon Open House on April 21st followed by the dinner and public meeting to report on the 2003 fishing season, and what we plan for the 2004 chum fishing season. Due to expectation of a low chum run, we have a couple of options:

- 1) to voluntary stop fishing, or
- 2) to have a restricted fishery. (say two days a week). We did not reach a consensus, we left that more of the community need input in this important decision. Representatives from the P.R.W.G. will be going to door-to-door with a questionnaire/survey on what should we do in regards to the 2004 chum fishing season. Thirty five people were in attendance at the salmon public meeting. If you have any question don't hesitate to come in and see me.

With that, I would like to wish everyone well, especially those who are out on the land. Mahsi Cho.
